Note: An unidentified whitestone fragment is located between Sites 6 and 7. In addition, unidentified markers are located at the following Sites i.e., 4, 13, & 14. Based on Parker's Survey, the following individuals are believed to be located in this Segment i.e., Charles A. Tracy, & Mary Elizabeth Trimmer. The possibility also exists that Phebe Pierson is located in this Segment, but based on the numbering sequence of Parker's Survey, Phebe appears to be next to Lucretia A. Rogers Wilkinson & her daughters Eliza Wilkinson & Sarah Wilkinson, whose graves may be those unidentified at Sites 18/10 through 18/12.
